ITAD Solutions for Maximum Value, ESG Impact & Data Security

# Capabilities Statement

## Who We Are

eSmart Recycling is a **certified IT Asset Disposition (ITAD)** provider with over 10 years of experience helping corporations securely manage retired technology while maximizing environmental and social impact. **We bring R2v3, HIPAA, and ISO-certified processes**, ensuring secure data destruction, compliance, and sustainability. As a Certified Minority-Owned Business & **B Corporation**, we align with supplier programs and federal initiatives, offering trusted, mission-ready ITAD solutions for public agencies.

## Core Capabilities & Services

- Secure ITAD & Data Disposal**  
R2v3 certified, & HIPAA, for federal & state IT asset management.
- Government-Grade Chain of Custody**  
Serialized asset tracking, audit logs & compliance documentation.
- Onsite & Offsite Data Destruction**  
Physical shredding, degaussing & wiping of classified & sensitive data.
- Sustainability & Circular Economy Solutions**  
Support net-zero waste goals.
- Scalable ITAD Logistics**  
On-demand pickups, bulk removals & GSA-compliant disposal solutions.
- Custom Compliance Reporting**  
Real-time asset tracking & sustainability impact reports for federal agencies.

## Why Choose eSmartRecycling?

### R2v3 Certified & Fully Compliant

Meets HIPAA, & ISO standards for secure ITAD & data destruction.

### Government-Grade Reporting

Real-time tracking to support federal mandates.

### 10+ Years of ITAD Expertise

Trusted by federal, state & local agencies for secure asset disposition.

### Secure Chain of Custody

Auditable tracking, serialized asset management & full compliance documentation.

### Nationwide Logistics

Scalable pickups & certified disposal tailored to government ITAD needs.

### Sustainability

Supporting net-zero goals & responsible IT lifecycle management.

### Certified Minority-Owned & B Corp

Certified Minority-Owned Business & B Corp, aligning with supplier diversity initiatives.

### Empowered Workforce Integration

Hands-on IT recycling training for vocational rehab candidates, supported by adaptive production lines that foster skill growth and career pathways.

Trusted by government agencies, eSmart Recycling ensures compliant, secure, and sustainable IT asset management, delivering responsible recycling and data protection.
